Hi Lynn,

This issue has been raised before with Liz, the Definitive Footpath does not cross the East Lancs, technically it stops at the road from the field. I'm not sure what Liz or I can do about it although the crash barrier does prevent access to the otherside. Personally I would not want to encourage walkers to cross the East Lancs at this point, its very dangerous, i have inspected it previously.

I will copy Liz into this email & ask if she can reply with any other information.

Hope this clarifies the situation & maybe Liz can provide further advice.

Regards

Hello David

See attached. I have been asked to meet with Mr Thwaite in relation to these issues, but I am not sure where I can add any value in relation to identifying the council's viewpoint on this. Would you please be able to advise me on status from council's point of view, or is it something Liz and yourself would be happy to discuss with Mr Thwaite?

Many thanks
